

2024 Tax Season

The 2024 Tax Season is fast approaching. We are reaching out to all our clients, to ensure that you are prepared and aware of a few changes we are implementing this tax season. We have created an email for all 2024 tax questions and requests. The email address is: aspen.calebl@gmail.com

Please use the above email address for requests, questions and appointments. We are a small and very busy office. Our goal is to be efficient, timely and beneficial. Please allow us to do so by following these steps this tax season.

- 1. Email the address above with your request for us to file you 2024 taxes.**
- 2. We will respond with answers to those questions as timely as possible and schedule a meeting if needed.**
- 3. If you are dropping things off after hours, we will have a lock box labeled by the front door for drop offs.**

***Please note the Aspen 2024 Tax Info Sheet and copies of driver licenses are required.**

We are implementing these new steps above to improve the flow, time and overall success of this year's tax season.

- Caleb Lund
